

IMPACT WEBSITES

Need a website but not sure where to start?

Have a website that needs updating?

At Impact Websites, our aim is simple – to make getting an effective online presence as easy and efficient as possible. There are just 5 simple steps:

5 simple steps to getting your website online:

1. We design three possible sites
2. You select one or a mix of two or three
3. We put it together and add the text and images you want
4. We confirm the site is right for you
5. We upload your site to a hosting provider

Complete website for \$599_{+GST}!

There are no hidden costs, no extra fees and no added prices – the whole site + your domain name (the www.____.co.nz part! + 1 year of hosting all for \$599! These are not just template websites so that your site looks the same as everyone else – all of our designs are unique!

And the best part? If we can't design you a site you are happy with, you don't pay a penny!
